Hi Mark,

Attached is the response to comments (RtC) document for the High Priority Substances. OGC has reviewed. Per the schedule that Tanya sent yesterday to you, we were to get the RtC and FRN to the OPPT IO by noon today to **initiate a concurrent OPPT/OCSPP IO 24 hour review**. Since it is 5:30 pm rather than noon, we ask for any comments/edits by **5:30 pm, 12/4**. Interagency review is slated to begin on 12/5/19 per the schedule that was shared.

The FRN will come tomorrow morning. Please note that the FRN has quite a bit of text that is in the RtC; thus, a review of the RtC will greatly reduce yours and OCSPP IOs burden in reviewing the FRN.

Let us know if you have any questions.

Thanks, Joel
